

Keep the Cold In. Keep Operations Moving.

Ulti High Speed Conveyor Doors

Hermetically Sealed High-Speed Doors for
Automated Cold Storage & Freezer Facilities

Engineered for ultra-fast operation in demanding cold storage environments. Ultra High-Speed Conveyor Doors minimise temperature loss, 100% sealed, and support seamless integration with automated material handling systems. Designed for freezer applications and high-throughput facilities, they deliver exceptional thermal performance without compromising operational speed.

In The Cold Storage Industry Every Second Matters

In modern automated cold storage facilities, open door time directly impacts:

- ✓ Energy Consumption
- ✓ Temperature Stability
- ✓ Product Integrity
- ✓ Operational Throughput
- ✓ Oxygen-controlled Environments

Traditional material handling methods and door systems can become bottlenecks, allowing inefficient operations, warm air infiltration and compromising controlled environments.

Built for Demanding Cold Storage Environments

Whether you're handling Frozen food, Pharmaceuticals, Export Products, or Automated Warehousing Operations, the Ulti High Speed Conveyor Doors deliver reliable performance where precision matters the most.

Ideal Applications

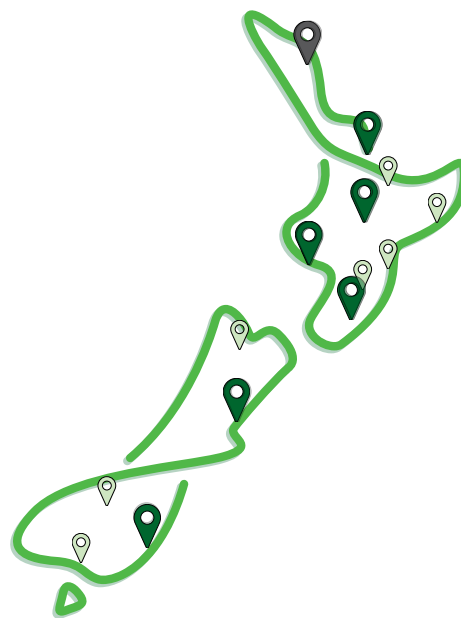

- ✓ Automated cold storage facilities
- ✓ High-Bay freezer warehouses
- ✓ Food manufacturing and processing
- ✓ Export & logistics operations
- ✓ Pharmaceutical storage
- ✓ Low oxygen storage areas
- ✓ Conveyor transfer points

WHY LEADING COLD STORAGE OPERATORS CHOOSE ULTI

- **24/7 Peace of Mind:** Round-the-clock access to expert technical support to keep your operations moving.
- **One Indispensable Partner:** Seamless, consistent support across your entire network from a single trusted provider.
- **Absolute Confidence:** Rely on highly trained specialists who proactively detect and correct minor faults on the spot.
- **Total Transparency:** Enjoy clear post-service reporting and proactive scheduling, meaning we manage your maintenance for you.
- **Comprehensive Asset Coverage:** We provide expert, proactive care for all models and brands of doors, dock systems, and broader access solutions to ensure your entire facility is protected.
- **The Right Solution:** We aren't limited to a single brand, allowing us to source the exact parts needed or recommend the best upgrades to extend asset life.
- **Faster Repairs & Maximum Uptime:** Critical wear components are kept in stock locally to speed up repairs and minimise your operational downtime.

**Your NATIONWIDE partner
to keep your operations moving,
safe, efficient, and performing
at their best every day.**
