

Ulti GRP Hygiene Door

ULTRA-CLEAN DOORS

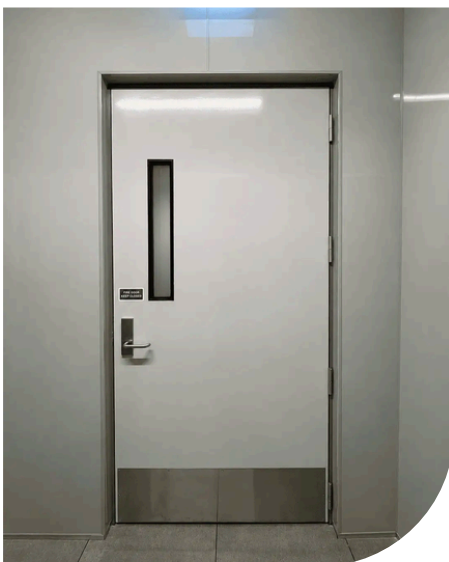

Ulti GRP Hygiene Doors are Glass Reinforced Polyester (GRP) moulded doors, designed for environments where the highest levels of hygiene are required.

Especially suited to healthcare, pharmaceutical, food processing and laboratories, it is a robust, low maintenance solution that will not warp, rust or deteriorate in harsh operating conditions, maintaining exceptional long-term performance.

Ideal for use in

- Laboratories
- Dairy Factories
- Hospitals
- Research Facilities
- Pharmaceutical Facilities
- Clean Rooms
- Food Processing Plants
- Infant Formula Plants

Hygienic by Design

The smooth moulded GRP construction eliminates joints, ledges and crevices where dirt, moisture and bacteria can accumulate. Flush glazed vision panel options and fully welded stainless steel frame systems further support stringent hygiene and contamination control requirements.

Easy Clean

Engineered for facilities with rigorous washdown procedures, the non-porous GRP surface resists water ingress and withstands exposure to most cleaning agents and disinfectants. This enables fast, effective cleaning while supporting compliance with strict hygiene standards.

Built to Last

Unlike traditional timber or steel doors, the Ulti GRP Hygiene Door is resistant to moisture, chemicals, corrosion and impact damage. Its durable construction ensures reliable operation in demanding environments while reducing maintenance requirements and lifecycle costs.

Customisable

Every project has unique requirements. The Ulti GRP Hygiene Door can be customised with a wide range of frame profiles, glazing configurations, hardware options, colours and fire-rated constructions, ensuring the optimal solution for each application.

STANDARD COMPLIANCE

Hygiene Control	Yes	Washdown Suitable	Yes
-----------------	-----	-------------------	-----

TECHNICAL SPECIFICATIONS

Application	Internal/External
Standard Size	900mm W x 2000mm H
Minimum Size	600mm W x 600mm H (Single Leaf) 1200mm W x 600mm H (Double Leaf)
Maximum Size	1500mm W x 3600mm H (Single Leaf) 3000mm W x 3600mm H (Double Leaf)

STRUCTURE

Leaf Material	40mm GRP (Glass Reinforced Polyester) moulded skin with composite core construction
Leaf Colour	White (RAL9016) or Titania (RAL9002) Gel Coat Finish
Frame Material	Stainless Steel Frame AISI:304
Hardware	Stainless Steel Lever Handle with Mortice Lock
Vision Panel	Single or Double Glazed, Flush, 415mm W x 655mm H Vision Panel

STANDARD INCLUSIONS

Stainless steel hinges Stainless steel kickplates (300mm H) Perimeter seals

WARRANTY

12 Months *Std Warranty terms and conditions apply

OPTIONAL FEATURES

Leaf Colours	Gel coat finish available in any RAL colour
Frame Material	GRP, Stainless Steel AISI: 316, Powder Coated Steel, Aluminium
Vision Panels	200mm W x 700mm H (standard alternative) Custom vision panel sizes are available. Double or Triple Glazed Glass or Polycarbonate, Heated Vision Panels Integral Blinds
Ventilated Panels	Door Grilles 450mm x 450mm (standard size) Custom ventilated panel sizes are available.
Optional Hardware	Mortice Latch, Door Closers, Anti-Panic Hardware, Access Control Hardware, Push/Pull Hardware, Kickplates
Other Features	Fire Rated, Smoke Rated, Acoustic, Hermetic (Airtight), X-Ray Shielding
